Governance, Risk & Compliance

Enterprise InfoSec Policy & Compliance

Organization

Cyberinfiniti Ltd

Report ID

CIF-GRC-PDCR-2026-02

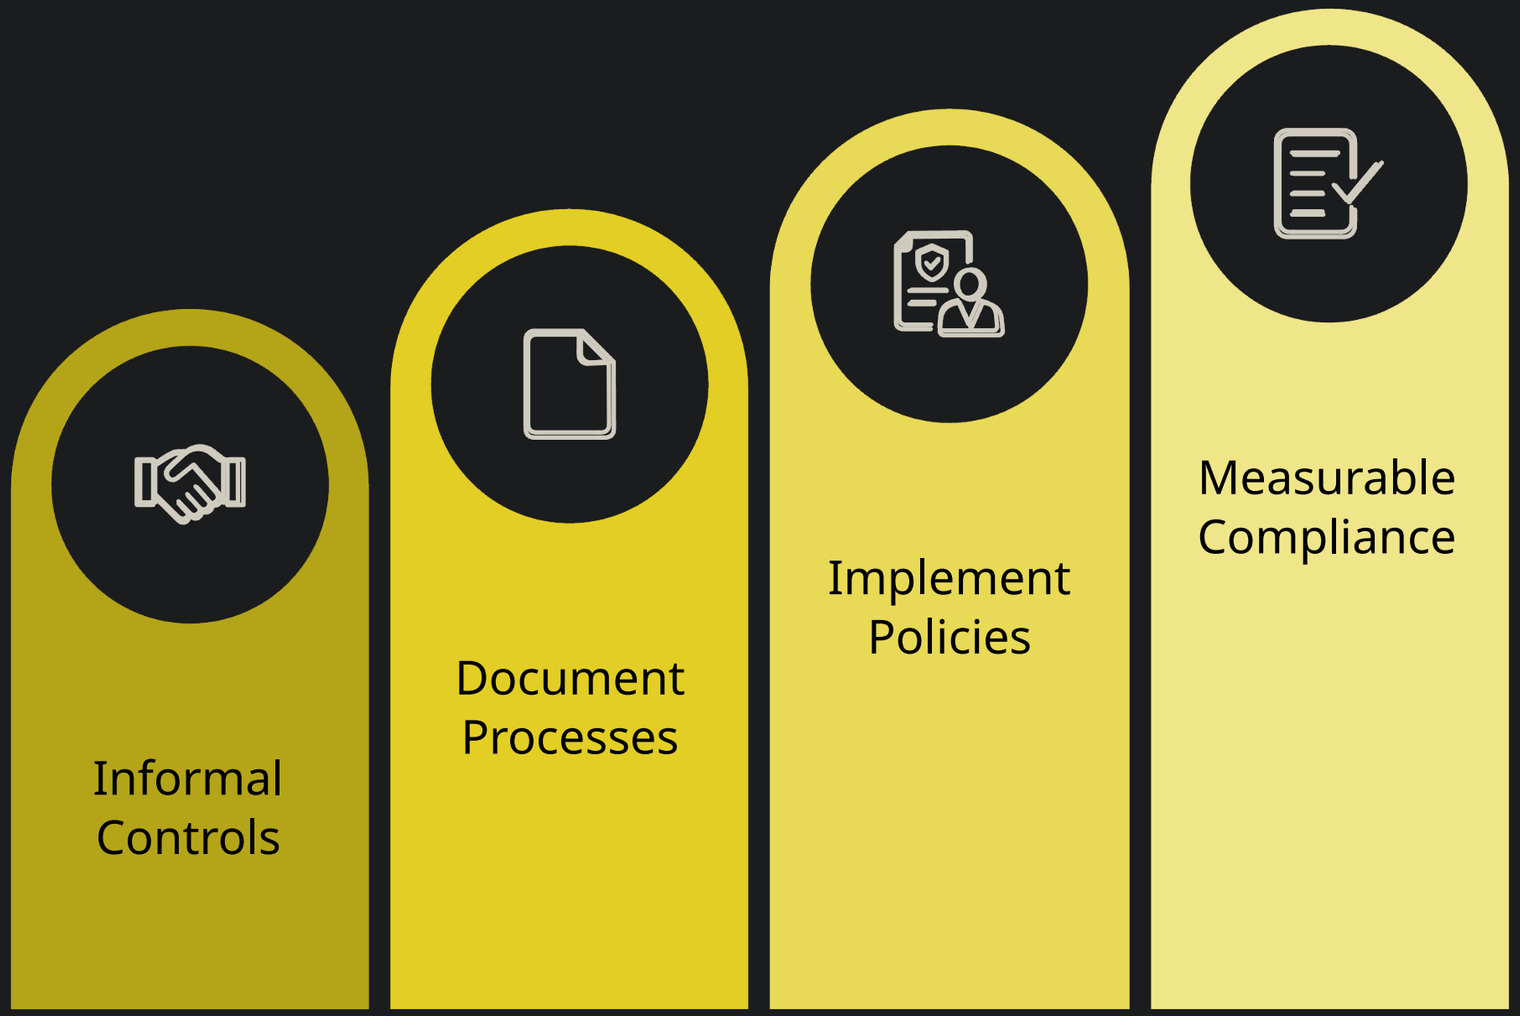
Date

February 2026

Classification

Confidential / Internal Use

From Informal Controls to a Structured Framework



This visual outlines the journey from ad-hoc security practices to a robust, compliant information security framework.

EXECUTIVE SUMMARY

Integrated Governance System

These four pillars create a comprehensive and cohesive information security management system.

Integrated Governance System

Audit Readiness

Evidence and reporting prepared

Governance Roles

Clear ownership and accountability

NDPA Alignment

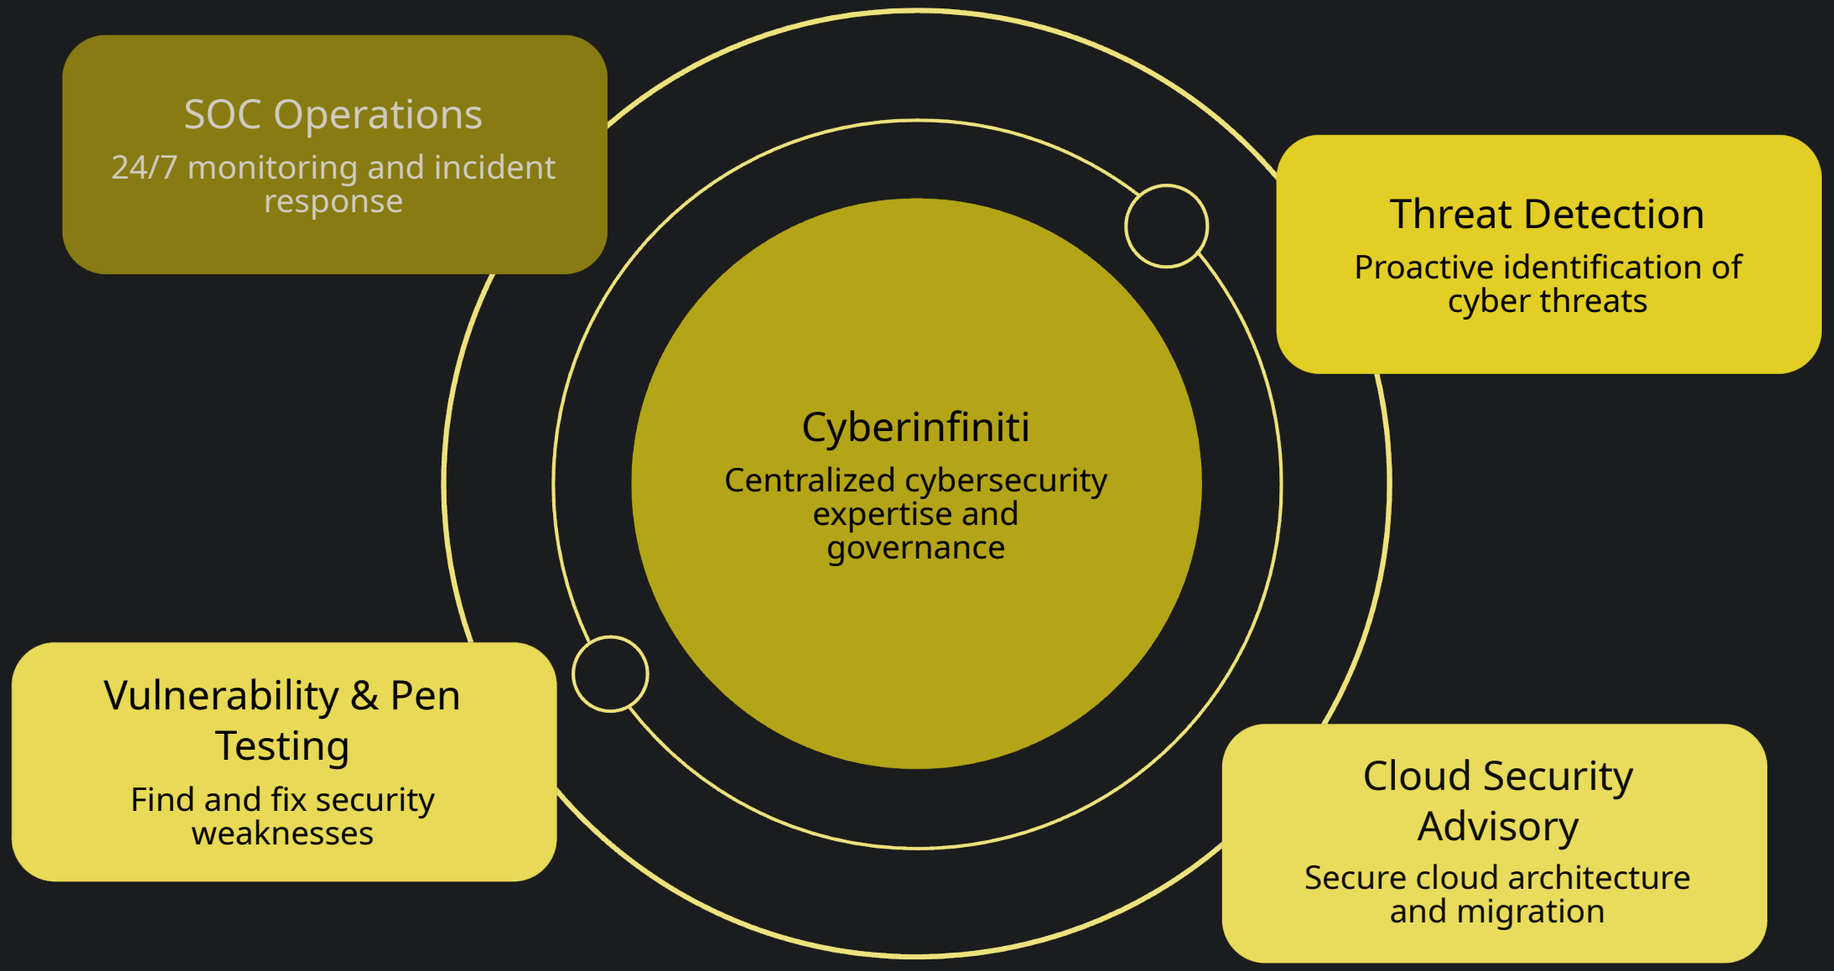
Privacy and data protection fit

ISO Mapped Controls

Standards-aligned control set

ORGANIZATIONAL CONTEXT & ROLES

Who We Are & Who Owns What



Cyberinfiniti delivers comprehensive cybersecurity solutions, centralizing our expertise to protect sensitive client data and infrastructure. Our governance is strategic, ensuring full compliance with NDPA regulations.

ORGANIZATIONAL CONTEXT & ROLES

Governance & Leadership Structure

Clear ownership and accountability across our security governance structure ensures strategic oversight and operational excellence.

Managing Director
John Ofule
Strategic oversight and accountability.

GRC Manager
Halimat Adepegba
Governs risk, compliance, and policies.

CISO
Ikenna Emerole
Leads security operations and strategy.

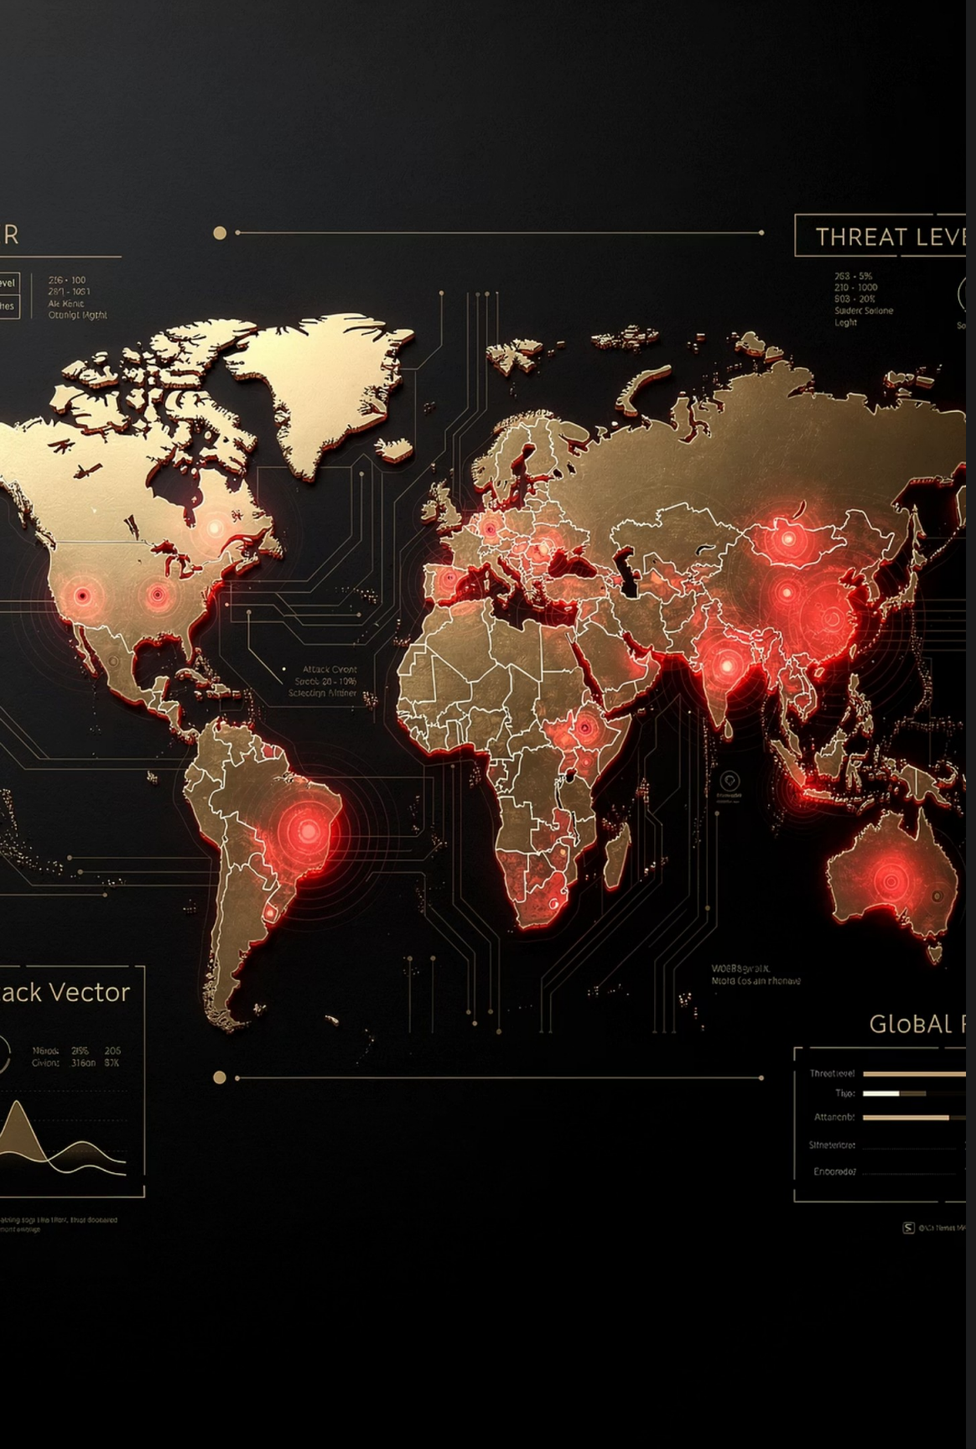
SOC Manager
Ayodimeji Omole

Head Security Engineering
Favour Obisike

IAM Specialist
Odunayo Balogun

IT Operations Lead
Andrew Moses

Legal & Compliance
Divine Ezewele



RISK LANDSCAPE

The Threat Environment We Operate In

Strategic ConsiderationsTech Investment, Vendor Lock-in, Sector Concentration

Operational & Business RisksTalent Shortage, Data Regulations, Client Underinvestment, Brand Damage

Cyber Threat EnvironmentAI-Enhanced Fraud, Supply Chain Risks, Deepfakes, High-Volume Attacks

RISK INSIGHTS

Executive Risk Gaps Before Sprint

- Lack of Standard Compliance
- Excessive Privileged Access
- No Vendor Due Diligence
- Unmonitored Vulnerabilities
- Undocumented Controls

POLICIES DEVELOPED

10 Enterprise Security Policies

BCP & DR

RTO/RPO Defined, Encrypted Backups, Annual DR Testing

Vulnerability Mgmt

Critical: 7 Days, High: 14 Days, Medium: 30 Days

Third-Party Risk

Due Diligence, Contractual Controls, 24hr Reporting

Clear Desk/Screen

5-min Auto-lock, Secure Storage, MFA, Screen Privacy

Incident Mgmt

Detect & Contain, Recover & Learn

Info Security

CIA Framework, Governance, Mgmt Commitment

Data Classification

Public, Internal, Confidential, Restricted

Identity & Access

Lifecycle Management, MFA, Least Privilege, Audit Trails

Privileged Access

PAM Lifecycle, 90-Day Reviews, MFA, Secure Vaults

AI Governance

Approved Tools, Prohibited Use, Risk Assessment

ISO ALIGNMENT

ISO/IEC 27002:2022 Control Mapping

Info Security Policy
Organizational · 5.1 · InfoSec Policy

Info Classification
Organizational · 5.12-5.13 · Classify & Label

Identity & Access (IAM)
Organizational · 5.16-5.17 · Identity & Auth

Privileged Access
Technological · 8.2 · Privileged Access

AI Governance
Organizational · 5.1, 5.7, 5.10 · InfoSec in Projects

Incident Management
Organizational · 5.24-5.28 · Incident Mgmt

Clear Desk & Screen
Physical · 7.7 · Clear Desk & Screen

Third-Party Risk
Organizational · 5.19-5.23 · Supplier Relations

Vulnerability Mgmt
Technological · 8.8, 8.9, 8.32 · Technical Vuln. Mgmt

Business Continuity
Organizational · 5.29-5.30, 8.13 · ICT Readiness for BC

REGULATORY ALIGNMENT

NDPA 2023 Integration

We've aligned our framework with the Nigeria Data Protection Act 2023, ensuring a cohesive compliance ecosystem across 10 key policies.

Lawful Processing

Defined lawful bases and documentation

Data Subject Rights

Mechanisms for access, correction, and erasure

Breach Notification

Timely detection and reporting procedures

Security Controls

Technical and organizational safeguards

COMPLIANCE MONITORING

Integrated Compliance & Monitoring Framework

Monitoring by Policy Area

IAM: Quarterly Reviews

Vulnerability: Monthly Scans

Third-Party: Annual Assessment

Incident: Monthly KPI Dashboard

BCP/DR: Bi-Annual Testing

EXECUTIVE RECOMMENDATIONS

7 Strategic Recommendations for Governance Excellence

Quarterly Security Governance
Review risks, incidents, compliance

Automate Compliance Monitoring
KPIs: patching, access, response

Embed Policy Attestation
HR onboarding, annual reviews

Annual Internal Audits
ISO 27002 gap analysis

Invest in GRC Tooling
Centralize risk, policy, evidence

Policy Awareness Training
Micro-learning, phishing simulations

Maintain Documented Evidence
Logs, reports, audit defense

CONCLUSION

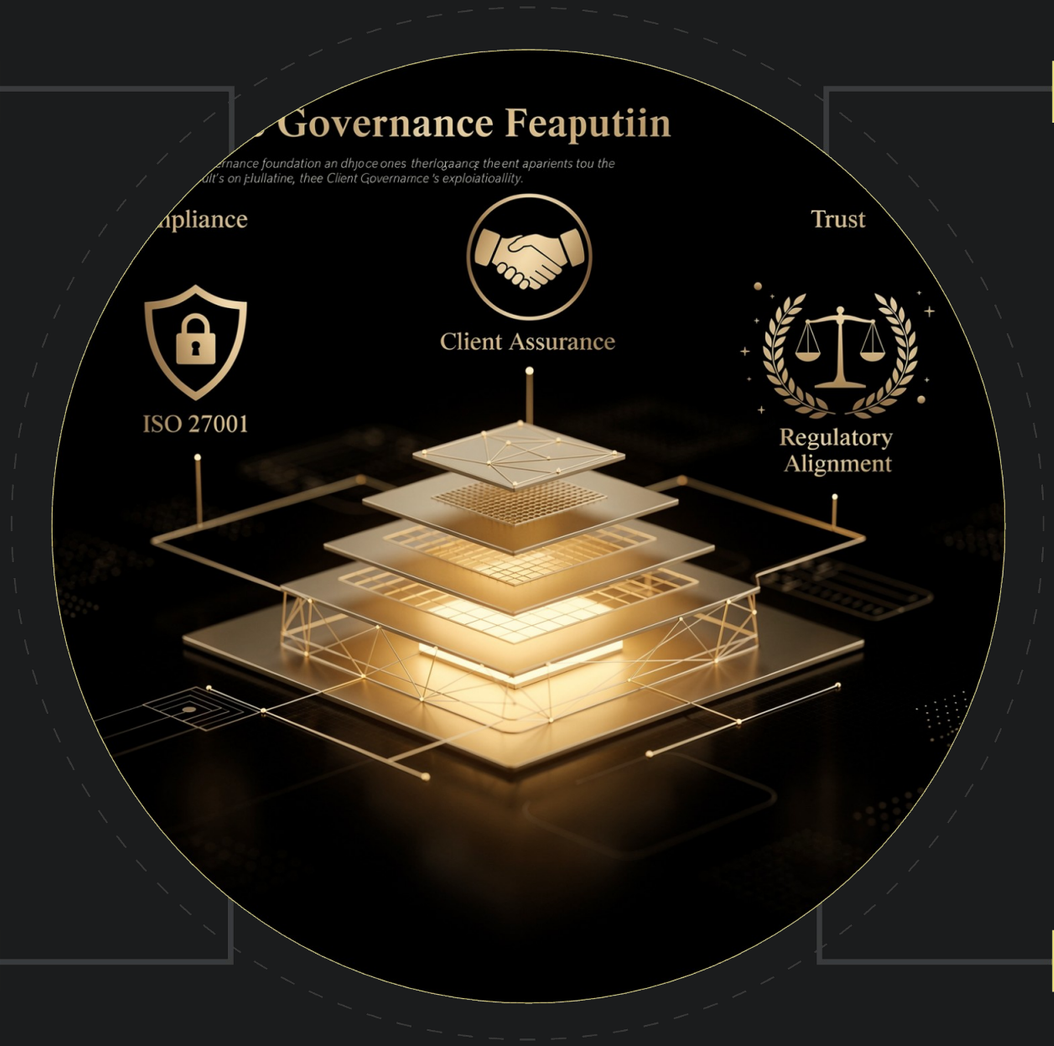
A Scalable Governance Foundation

Governance Maturity

Progressive control framework

Regulatory Alignment

Stay compliant across jurisdictions

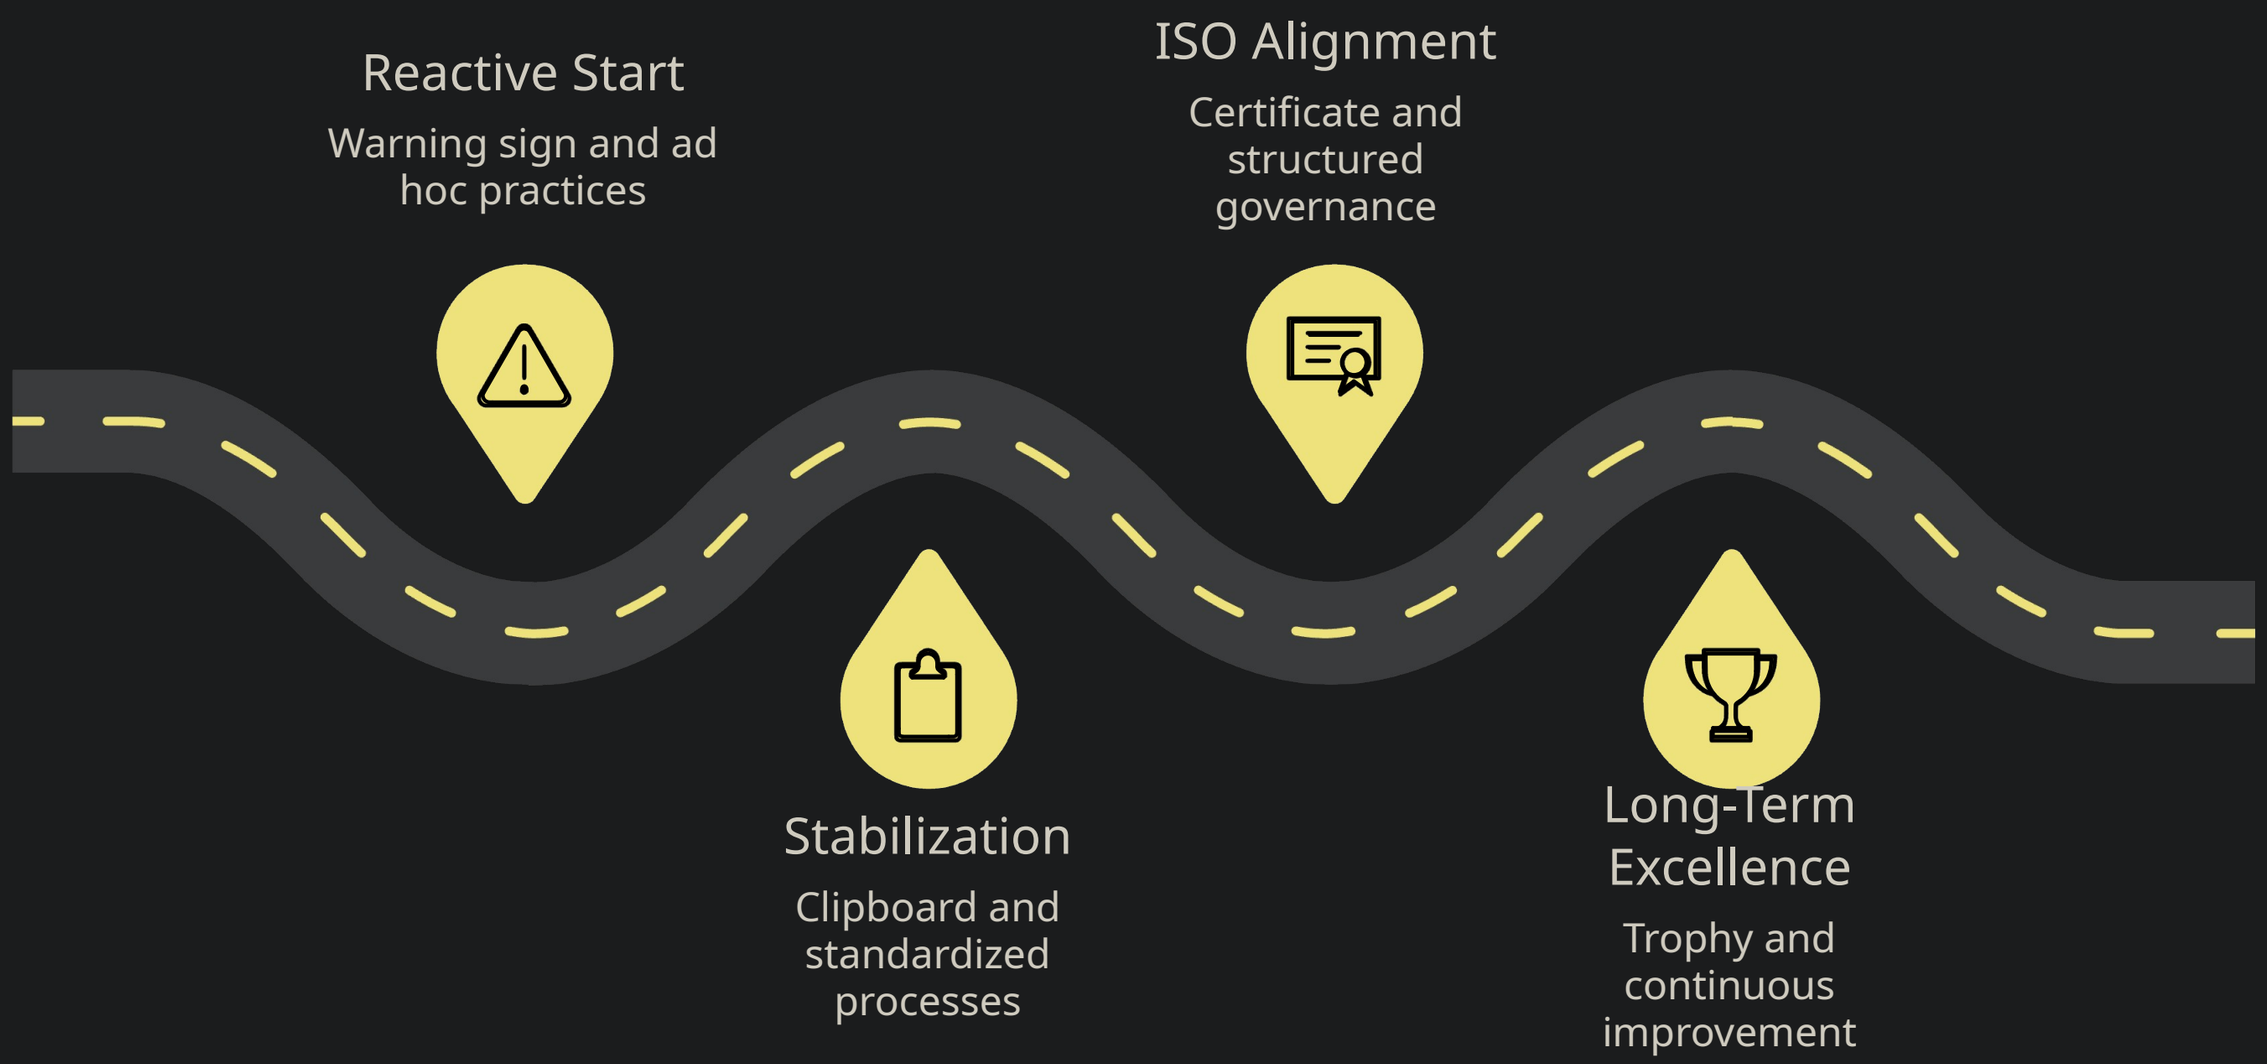


Operational Resilience

Ensure continuous operations

Audit Readiness

Prepared for reviews and audits

CONCLUSION


Our Transformation Journey
